## BACHELOR AND MORE

### Undergraduate student recruitment fairs in Germany and Austria

Dear Madam, Dear Sir,

The BACHELOR AND MORE study fairs offer a platform for higher education institutions to get in touch with prospective Bachelors students. The target group is exclusively made up of candidates interested in finding a suitable Bachelors programme. At the fairs, future students as well as their parents inform themselves about national and international universities and their study offer.

#### Your benefits as an exhibitor:

- **100% target-oriented recruitment:** All visitors are interested in Bachelors programmes
- **Voluntary participation of motivated visitors:** No obligatory school visits as the fairs take place on weekends
- **Specific information for parents:** As highly-influential advisors, parents also receive important study-related information at the fairs
- **Well-prepared visitors:** Based on their interests, visitors receive a personalised fair plan that contains an overview of matching exhibitors and study programmes. This guarantees exhibitors to be frequented by eager and interested candidates.
- **Keeping in touch with prospective students after the fair:** To easily gather contact data of interested visitors, exhibitors have access to our easy-to-use online Lead Collection System
